PROPOSAL OF _____
(NAME)

(ADDRESS)

to furnish and deliver all materials and equipment and to perform all necessary work in accordance with the Standard and Special Provisions contained herein, and as on file in the offices of the Carbon County Road & Bridge Department.

To the Board of County Commissioners for Carbon County, Montana -

Pursuant to the Request for Proposals of the Board of County Commissioners inviting competitive proposals for the delivery of the services herein specified and in conformity with the Standard and Special Provisions pertaining thereto, and as on file in the offices of the Carbon County Road & Bridge Department;

(I) (We) hereby certify that (I) (We) are the only person interested in this proposal as principle; that this proposal is made and submitted without fraud or collusion with any person, firm or corporation whatsoever; and that a thorough examination has been made of the contract form, together with the standard and special provisions pertaining to the materials referenced herein.

(I) (We) further propose to execute the form of contract within ten (10) days after receiving a written Notice of Award, should such notice be offered.

(I) (We) agree to adhere to Title 18 of the Montana Code Annotated.

SPECIAL PROVISIONS - AGGREGATE CRUSHING

PROJECT DESCRIPTION

The Carbon County Road & Bridge Department (COUNTY) proposes to employ a private contractor (CONTRACTOR) to crush aggregate at three (2) pit locations within Carbon County, for a total approximate quantity of 20,000 cubic yards.

PROJECT LOCATION

The pit locations are generally described as:

The “Dietz Pit” is located approximately one (1) mile north of Edgar, MT.

The “Bischoff Pit” is located approximately one and one-half (1.5) miles South of Belfry, MT.

PROJECT QUANTITIES

10,000 cubic yards at the “Dietz Pit”: 7,000 cubic yards 1” Minus; 3000 cubic yards 3” Minus

10,000 cubic yards 1” Minus at the “Bishoff Pit”.

ADDITIONAL QUANTITIES

The COUNTY **may**, upon notification, employ the CONTRACTOR to produce additional quantities of crushed aggregate at any or all of the project locations.

MATERIAL SPECIFICATIONS

The CONTRACTOR’S attention is specifically directed to the following -

Aggregate materials produced under this proposal shall generally conform to **SECTION 02235 (CRUSHED BASE COURSE)** of the Montana Public Works Standard Specifications (MPWSS) (Sixth Edition, 2010), the provisions of which are adopted in their entirety and incorporated into this request for proposals.

The CONTRACTOR shall perform such materials testing as necessary to clearly demonstrate that the materials being produced consistently conform to these specifications. No additional payment for materials testing will be considered.

In the event materials produced are consistently found not to generally meet these specifications, the CONTRACTOR shall assume the responsibility for the cost of reprocessing those materials. It is the responsibility of the CONTRACTOR to assure quality control of the materials produced. The COUNTY recognizes that each pit will have varying composition of raw materials that may complicate strict adherence to the desired specification. The CONTRACTOR shall make every effort to produce materials that meet the desired specification and shall agree to work cooperatively with the COUNTY to achieve the greatest level of conformance.

DELIVERY OF MATERIALS

The CONTRACTOR shall stockpile the crushed aggregate in the location(s) as determined by the COUNTY, upon consultation with the CONTRACTOR.

UNIT PRICES

The CONTRACTOR shall include the cost of all materials, equipment, personnel and process necessary to produce and stockpile the materials offered, as specified herein, in the proposed UNIT PRICE(S). No separate payment for any material, equipment, personnel or process will be considered or provided.

MEASUREMENT AND PAYMENT

The payable quantity of material produced shall be determined, by measurement (survey) of the stockpiled material, by a Professional Land Surveyor, licensed in the State of Montana, as selected by the COUNTY. The CONTRACTOR agrees to pay **one-half of the cost** of such survey and agrees this amount will be withheld by the COUNTY from the final payment to the CONTRACTOR.

TIME FOR COMPLETION

All materials produced and services offered under this proposal shall be completed by the CONTRACTOR, subject to acceptance by the COUNTY, not later than **01 APRIL 2018**.

ENVIRONMENTAL COMPLIANCE

The CONTRACTOR shall be alone responsible for ensuring that the project site remains free of all introduced contaminants, and that all spills shall be reported to, and mitigated pursuant to, Montana Department of Environmental Quality standards. The CONTRACTOR agrees that all solid wastes will be removed from the project site and properly disposed of, at the CONTRACTORS expense.

SITE MANAGEMENT

The CONTRACTOR shall be responsible for operating the site in a manner that accommodates effective utilization of the embanked raw materials and the future use of the site. Excavations shall be generally uniform and symmetric. \All cut banks shall be graded to an approximate 3:1 slope, and the pit floor shall be left generally level and uniformly graded at the completion of the project.

SITE INSPECTION

To arrange an inspection of the proposed pit locations, the CONTRACTOR may contact the Carbon County Commissioners at (406) 446-1595. The CONTRACTOR is responsible for ensuring thorough familiarity with the sites.
