Rock Creek flooding/ use of UAV- Used a drone for the first time to help see where the flooding problem was coming from at the 2-mile bridge. Tom will be applying for a grant to obtain a drone in the next year or so.

Fire out by Cow Creek- Small fire, but rough and steep terrain.

Fire in Joliet behind bank- possible arson, still under investigation

**V. Old Business**

County Multi-Hazard Mitigation Plan – The 5-year revision is in progress. Kick off meeting was Friday May 30<sup>th</sup> with about 15 people representing different jurisdiction.

Spring Flooding Potential- The potential for flooding is low at this time. Cooney was still running over the spillway as of Monday 10<sup>th</sup> of June. Cooney park is no longer closed.

Gary Gray stated his concerns of the dam and the amount of water that is flowing over and the effect of the 2011 flood

Active shooter training summary- Patrick Hoy presented an active shooter training, open to the public

Tom held a TTX at Red Lodge High School

**VI. County Emergency Operations Plan (EOP) Review – No Review this Month**

**VII. New Business**

New radio communications plan- Road Crew channels have changed it will be a long process changing everything over one-by-one

New Highway has some dead communication spots

Joliet lagoons and flooding- Charlie called Tom with concerns of the lagoon flooding. Rock Creek has some erosion on a bend and has started making a new channel toward the lagoon. Tom, Annie and the Town of Joliet will be taking a closer look at the lagoon to see if there is a chance for a mitigation grant.

Emergency Fire Fighter signup- Joliet, Roberts, and Red Lodge have signed up with DNRC for the EFF program.
